

Location of cancer services and cancer support services in NEMICS region

Contents

1. Diagnostics, radiology, pathology, research, and outpatients	2
2. Multidisciplinary meetings and cancer surgery.....	3
3. General services, chemotherapy, and radiotherapy	4
4. Cancer nurses	4
5. Allied health, supportive care and programs, palliative care	5
6. Provider names for contracted out services (public and private health services)	6

N.B. An online version of the map provides further detail on sessional appointments, referral pathways etc for individual services by site

KEY	
	Full service on-site
	Limited service / sessional appointments / service located within 0.5km of hospital site
	Service (not patient) moves between sites within same provider / virtual service across NEMICs providers
	No service
DOT	Dedicated oncology time (funded for all or some oncology patients)
CO	Contracted out to another provider

Validated by:
Austin Health: Jason Payne
Eastern Health: Dr Phil Parente
Northern Health: Maree Glynn
Mercy Hospital for Women: Megan Burgmann (TBC)
Peter MacCallum Cancer Centre - Box Hill: No request for validation issued
Knox Private Hospital: Not yet validated
Ringwood Private Hospital: Megan Mills
Warringal Private Hospital: Genevieve Prunty
Epworth Eastern: Reeja Luthra
ROV - Epping: No request for validation issued
ROV - Ringwood: No request for validation issued
John Fawkner Private Hospital: No request for validation issued
Mitcham Private Hospital: Samantha Dodds

1. Diagnostics, radiology, pathology, research, and outpatients

	Service provider - public													Service provider - private									
	Austin Health - Austin Hospital	Austin Health - Heidelberg Repatriation Hospital	Austin Health - Royal Talbot Rehabilitation Centre	Eastern Health - Box Hill Hospital	Eastern Health - Maroondah Hospital	Eastern Health - Wantirna Health	Eastern Health - Yarra Ranges Health	Eastern Health - Angliss Hospital	Northern Health - The Northern Hospital	Northern Health - Craigieburn Health Service	Northern Health - Bundoora Extended Care Centre	Northern Health - Broadmeadows Health Service	Mercy Hospital for Women	Peter MacCallum Cancer Centre - Box Hill	Warrigal Private Hospital (Ramsay Health care)	Mitcham Private Hospital (Ramsay Health care)	Epworth Eastern Hospital (Epworth Healthcare)	Ringwood Radiation Oncology Victoria (ROV)	Epping Radiation Oncology Centre (ROV)	Ringwood Private Hospital (Healthscope)	Knox Private Hospital (Healthscope)	John Fawcner Private Hospital (Healthscope) - WCMICS

Pathology - anatomical	Austin Health	Eastern Health	Healthscope	Austin Health		Dorevitch and Melbourne Pathology	Dorovitch	Melbourne Pathology	Healthscope or Melbourne Pathology	Healthscope	

Supporting notes

Note 1: Where a limited MDM service is indicated at a site (light blue), patients treated at that site are reviewed at an offsite MDM / the treating clinician regularly attends an offsite MDM

Note 2: Procedures defined as "complex" are listed for each tumour stream:

Complex gynaecological cancer surgery: Total abdominal hysterectomy, salpingo oophorectomy, radical debulking ovarian cancer

Complex head and neck cancer surgery: Parotid gland excision, radical resection of head and neck tumours, radical neck dissection, Skull base resections, tumour resections that require reconstructive transfer of multiple tissue layers, malignancies requiring multidisciplinary approach

Complex thyroid cancer surgery: Parotid gland excision, thyroidectomy

Complex bladder and prostate cancer surgery: radical prostatectomy, cystectomy

Note 3. Examples of other specialty nurses categories include stomal therapy, brain tumour support nurses, clinical nurse consultants

Note 4. Examples of educational courses include: Living with cancer, look good feel better, communication skills, transitions psycho-oncology program, other education programs
