Lymphoma Summit

17th April 2015

9.00am — 1.00pm

**RACV Club
501 Bourke Street
Melbourne**

Lymphoma Summit

You can make a difference

We are seeking the expertise and influence of clinicians involved in all diagnostic, research and treatment modalities for lymphoma.

The Victorian Integrated Cancer Services and Cancer Council Victoria Clinical Network invite you to attend the lymphoma summit, the third in a series of statewide tumour specific summits.

Come along and attend this unique opportunity for lymphoma clinical leaders to discuss available data and contribute to identifying and prioritising service improvement opportunities at a local and statewide level.

This is also an exciting opportunity for clinicians to get together and network with your colleagues from across the state.

Register at www.nemics.org.au
by Friday 10th April

For more information contact Sara Jorgensen, Project Manager
