

We are seeking  
Victorians  
affected by  
breast cancer  
to help us improve  
care...

# Breast Cancer Summit 2021

Victorian Tumour Summits

► Ever think things could be better for people with breast cancer?

► Could you share your experience to help us to improve care?

The Breast Cancer 2021 Summit is a forum for health professionals to identify gaps and improvements needed in cancer care. The summit is hosted by the Victorian Integrated Cancer Services and supported by the Department of Health, in partnership with Cancer Council Victoria. At the summit, doctors will present state-wide data to identify areas for improvement and consumers will present on priorities for improving experience of care. Help us to identify these priorities by sharing your experience of cancer care. The summit will be held in June 2021.

## Make a difference by sharing your experience!

Victorians affected by breast cancer (including partners/carers) are invited to:

- complete an anonymous survey **AND/OR**
- take part in an online group discussion in April 2021 **AND/OR**
- join a working party to help prepare for the summit.

For further information about the summit or to express interest, please contact
